## Summary

### About this Release

**This publication is no longer produced, for CURFs released after 2009 refer to the Microdata: Education and Work, Australia (cat. no. 6227.0.30.001) for supporting information.**

This publication provides information about the data available from the 2001 Education and Work survey, in the form of a basic Confidentialised Unit Record File (CURF). The statistics compiled from this basic CURF were compiled from the Survey of Education and Work (SEW), which was conducted as a supplement to the ABS Monthly Population Survey (MPS), in May of each year.

This publication explains the data content, technical details and conditions of use for the basic CURF and is available on the ABS website and via the 'Information by' link on the RADL home page.
